Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Shadcn UI, Framer Motion, Redux Toolkit, HTML5, CSS3

Backend: Node.js, Express.js, RESTful APIs, Socket.io, Prisma ORM

Databases: PostgreSQL, MongoDB, Redis, Supabase

Tools & Platforms: Git, GitHub, Postman, Vercel, AWS, DigitalOcean, Figma, VPS Hosting, Cloudflare

Integration: Stripe, Paypal, SSL Commerz, JWT Authentication, API Integration

Professional Experience

Full - Stack Developer

July 2024 – Present

Sparktech Agency

Mohakhali, Dhaka, Bangladesh

- Built scalable RESTful APIs and real-time applications using Node.js, Express.js, and Socket.io.
- Integrated Stripe payment gateway and implemented JWT authentication for secure transactions.
- Optimized database queries and application performance using Redis caching strategies.
- Maintained strong client relationships with positive feedback.

Frontend Developer

October 2023 – May 2024

Universe It Institute (UITI)

Aftabnagar, Dhaka, Bangladesh

- Delivered 10+ client projects using React.js, Next.js with responsive design.
- Integrated RESTful APIs and implemented state management using Redux Toolkit.
- Created engaging user interfaces with Tailwind CSS, Ant Design

Featured Projects

JK Cabinetry CT - E-Commerce Platform

Live

Next.js, TypeScript, Node.js, Express, MongoDB, Socket.io, RTK Query, Shadcn UI

- Built full-stack e-commerce platform for custom cabinetry with role-based access (User, Admin, Super Admin).
- Implemented real-time order tracking system and Socket.io-powered live chat for customer-admin communication.
- Deployed production application on AWS EC2 with Cloudflare integration for enhanced performance and security.

YourCR - Class Representative Management Platform

Live |  Frontend |  Backend

Next.js, TypeScript, Node.js, Express, Prisma, PostgreSQL, Supabase, Vercel

- Developed an all-in-one platform bridging students, class representatives with centralized class management features.
- Built comprehensive assignment handling system, issue resolution tracking, and connected class environment for discussions.
- Deployed on Vercel with optimized performance and responsive design across all devices.

SHIKKHAPRO - AI-Powered Quiz Generator

Live |  Frontend |  Backend

React.js, TypeScript, Redux Toolkit, Node.js, Express, MongoDB

- Built AI-based quiz generation platform using Gemini and OpenAI APIs covering all academic levels with multi-language support.
- Implemented real-time progress tracking and performance analytics dashboard with detailed insights and recommendations.
- Designed dynamic question type selection system supporting multiple-choice, true/false, and short answer formats.

Education

B.Sc. in Computer Science and Engineering

2025 – Present

Canadian University of Bangladesh

Diploma in Engineering Computer Technology

2020 – 2024

Thakurgaon Polytechnic Institute

CGPA: 3.51/4.0
